

Combination 145

Locking Without a Key

Combination locks are suitable for a range of uses and with different users, thanks to their special locking system. Applications include securing pieces of luggage, tool boxes or lockers in sports clubs. The locks are secured by a 3- or 4-digit number combination that can be set individually. This way, you will never have to worry again about carrying your keys with you or losing them.

Key Features

- Solid and lightweight aluminium body
- 3- or 4-digit individually resettable code
- Securing luggage and toolboxes, etc.
- Locking of cupboards and lockers at schools, sports and fitness centres

Item	Shackle Height	Dials	Body Material	Shackle Material	Shelf Pk Qty	Weight kg
