## RED DOT DESIGN AWARD

De hardware uit de Fold-serie sluit niet alleen aan bij de sfeer van de spa in Genk, maar is alom geprezen. De Fold-deurkruk is zelfs bekroond met de Red Dot Design Award. Het is een van 's werelds meest innovatieve deurkrukken ooit. Nooit eerder werd een deurkruk uit één deel gefabriceerd. Een deurkruk die bovendien het slot geruisloos bedient.

The fittings from the Fold series do not only match the character of the spa in Genk, but have been generally praised. The Fold door handle was even awarded the Red Dot Design Award and is one of the most innovative door handles that the world has seen. Never before was a door handle fashioned from one single part. This door handle also controls the lock without making a sound.

## IN BALANCE

De doorware uit de Fold-serie lijkt te zweven. Het sierlijke ontwerp is in balans met de onderliggende, innovatieve kracht. Een balans die aansluit bij de aandacht voor lichaam en geest zoals men die vindt in de spa in Genk.

The door fittings from the Fold series appear to be floating. The ornamental design is balanced by the underlying, innovative force. This balance blends with the focus on body and mind found at the spa in Genk.
